

JOIN GISC!

GISC is a nonprofit organization, dedicated to transforming the way we live and work in the world. Tuition never fully pays for the cost of the programs so we rely on the generosity of time from our extraordinary faculty for research and program development, and donations from generous friends to help us continue to offer high quality programs as well as provide scholarships and stipends to those in need. Membership is one way to support GISC in continuing our mission. A GISC Membership also includes a year's subscription to *Gestalt Review*, our academic journal dedicated to exploring Gestalt theory and practice, plus a discount on our programs and in our bookstore.
